Dear Exhibitor:

The move out is scheduled to begin at 5:00 P.M. I ask that you not begin packing up your exhibit until 5:00P.M. for these reasons:

- The public can come in until that time, and many are still on the floor viewing the exhibits right up until closing. You can lose sales by tearing down early.
- It is unfair to other exhibitors who are still trying to sell. It distracts them from their customers. And if someone sees a torn down exhibit, it reflects poorly on all exhibitors.
- It is unsafe. You could easily hurt someone when hauling something out when there are people looking at exhibits instead of where they are going. It could result in a lawsuit – which would be your liability, not mine.
- You will forfeit your space in the show for next year.

If you are leaving at 5:00 P.M. Sunday and planning to come back later to pack up your exhibit do not leave any small valuable items in your display such as: TVs, computers, briefcases, lead sheets, sign up boxes, etc. It is your responsibility to take these items with you when you leave at 5:00 P.M. After 5:00 P.M. all of the doors are open for the move-out and there is absolutely no way to control the security in the building.

Thank you,

William R. Jackson
